REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art, Szlam, Begeja, Orui, Wong, O'Neal, & Mark all disclose the requesting of a public network to forward an incoming call for the communication apparatus to a calling party of identification information notified by the caller identification information notifying service. However, the above references fail to disclose the deactivation of call forwarding by a call forwarding service on the basis of time information sent from a calling party. No obvious combination of references found in searching the prior art teach this concept.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Creighton h Smith whose telephone number is 308-2488. The examiner can normally be reached on M-F.
